Dear Sir:

We were just able to photograph the six Orders of the Cincinnati as we had the proper light for a short time today. We however made them the same size as we did not think we had time enough to make enlargements. The prints will be ready on Wednesday. Do you wish us to send them to you and do you wish the negatives also, because if you want enlargements it would be better to enlarge from the negatives? Unless you are coming in town within a few days we will send them out to you. As yet Mr. Gilman has not been in with a Cincinnati eagle.

Very truly yours,

HW:JG
